**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD**

Applicant: ImageQuix, Inc.	Request for Amendment To Recitation Of Services Pursuant To Settlement Agreement Between The Parties.
Trademark: SMART TAG	
Registration No.: 5,005,230	
Registration Date: 07/19/2016	

On August 19, 2016, the pending cancellation of Registration No. 5,005,230 was instigated by Smartrac IP B.V. The parties have negotiated a settlement and as a condition of the settlement, Registrant is to submit to the Office a request for an amendment to the recitation of services in the pending application. Accompanying herewith is the request for the following amendment to the recitation of services.

providing on-line non-downloadable software for administration and management of digital image capture, namely storing, organizing, viewing, editing, and identifying captured digital images, for the purpose of associating digital images with subject identification information; all the aforementioned goods not with respect to machines and equipment using radio frequency identification technology and transponders.

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because Petitioner has consented thereto, Respondent requests that this amendment be approved and entered. Upon submission and acceptance of this request to amend the recitation of goods, Petitioner will move to dismiss the cancellation proceeding with prejudice.

Respectfully submitted,

/Douglas W. Kim /
